

**Spike Brant -**

Spike is a very active volunteer and donor, creating Penns Woods and Water Week. Spike is the cofounder and CEO of Nimblast (formerly PEDG), a company of 15+ years of experience in scenic, staging, site planning, lighting, content, video design and creative direction. Nimblast has evolved out of a desire to build a premier design house, where everyone is a team player and no one settles for mediocrity. Brant has a rich history of touring and live events with a client base featuring the NFL, NHL, iHeartMedia, Bon Jovi, and Robin Hood in addition to 30+ years of many long-term relationships. His local passion is kayaking and getting out into nature!

**Dr. Sara Lamichane -**

Dr. Sara Lamichane has been an active donor with our organization since 2014. Sara graduated from Manheim Township High School. She earned a BS in Biology from Bucknell University and went on to graduate Summa Cum Laude at Temple University School of Dentistry. After completing a surgical internship at Boston's Massachusetts General Hospital she returned to Lancaster with her family and entered private practice. Sara recently sold her general dental practice in order to spend more time with family and reduce professional obligations. She has served the community as President of the Susquehanna Waldorf School Board. She is an obsessive knitter and sewist, enjoys gardening, and has recently taken on the raising of four chickens. She lives in Manheim Township with her husband Manny and three children Juliet, Maya and Pierce where they enjoy the natural beauty of the Conestoga River right in their backyard.

**Alex E. Snyder –**

Alex is an attorney and Partner at Barley Snyder in York County. He Chairs the Susquehanna Heritage Board and just completed six years on the York Farm and Natural Lands Trust Board. With nearly 18% of our land in York County, we wanted to find a representative who could help us in York County. Alex works closely with both our partners (York Farm and Natural Lands Trust and Susquehanna Heritage) and is known for his conversation passion and commitment to saving natural lands.
